

WANTED: TOWN REPORT GURU

The Town of Madbury is looking for a volunteer(s) who is willing to take charge of the assembly and layout of our Town Report, and work with a printing company to prepare a finished product. This requires a major time commitment during the months of January and February (the other ten months are vacation!). The position requires knowledge of programs such as Microsoft Word or Apple's Pages, a bit of a talent for organization, and a willingness to browbeat report writers when necessary. There is information available to get you started. If you have an interest, we want to hear from you. Please contact Colette at 742-5131 during regular town office hours.
