*Keynote Speaker*

**Be a S.T.A.R. Parent—  
 Stop, Take a deep breath, And Relax**

Stop, Take a deep breath, And Relax so that you can access your own wisdom to respond rather than react to life events. Learn four Brain Smart® principles that wire children's brains for self-control.

Jeannette French is a mother, teacher, preschool director and training professional. With 33 years of experience (four years in the secondary classroom, nine years as an at-home Mom of three, and 20 years as a director of a preschool) she knows the concerns we all face in regard to discipline and its central role in facilitating the development of responsible, intelligent and moral children. Jeannette's preschool is a testimony to her effectiveness.

Since discovering Conscious Discipline® and mentoring with Dr. Becky Bailey, Jeannette has been using Conscious Discipline® school-wide in her own preschool (including her personal training of staff and parents), assisting elementary schools in the implementation of Conscious Discipline®, teaching Conscious Discipline® to parents with children from toddler age to teen age, and applying Conscious Discipline® in her own life with her adult relationships.

Dr. Bailey selected her as Loving Guidance Associate because Jeannette firmly embraces Conscious Discipline® in all areas of her life, and imparts her knowledge of Conscious Discipline® in an insightful, passionate and humorous way. She can realistically and enthusiastically guide and inspire others in their implementation process.
